

2018 National Chinese Math & Science Competition

2nd & 3rd Grade Immersion Category

Science - Participant Study Materials

Dear Students,

Congratulations on being selected to participate in the first annual National Chinese Math & Science competition co-sponsored by Hanban, The Confucius Institute, and College Board. We believe that preparing students for the global world we live in requires students to achieve proficiency in 21st century skills such as math, science, and second language proficiency. We are proud that you have chosen to achieve in these areas.

You will be participating in the science portion of the upcoming National Chinese Math & Science competition in Florida. Participants in the 2nd & 3rd grades will compete in the same division and will be required to answer questions about the following topics:

Animals	Land Formations	Space – stars, sun, planets, moon
Hibernation	Erosion	Weather
Inanimate objects	Force	Taste – sour, sweet, salty, etc.
Seasons	Plants and their needs	Energy
Plants	Earth's surface	
Earthquakes	Temperature	

If you have any questions about the science portion of the competition, please feel free to email me. We are here to ensure you have a good competition, and that you learn a lot.
